Award Amount: \$25,000.00

Synopsis:

This project provides funding to maintain and upgrade the current inventory of boating skills virtual trainers (BSVT) and increase outreach efforts. The BSVT allows students to maneuver a "Boston Whaler" on a lake of 3.5 miles x 4 miles in a virtual mode where there are no other boats, no water and no risks. The helm seat sits next to a regular conference table. Exercises are built in to allow an instructor to direct maneuvers from basic to advanced by adjusting wind and current direction and strength.
